For adult family/cultural review

Read naturally with a child in one sitting. This reviews the story, not the child. Mark the page when wording changes aloud, attention drops, a transition feels rushed, or a moment creates confusion, fear, delight, prediction, or a request to continue.

Do not record a child's name, exact age, contact details, school, location, photo, audio, video, medical information, or other identifying details. Use the assigned anonymous session code and broad age band only.

This copy is not text or image locked. The artwork is a review candidate. Please mark visual mismatches, confusing details, cultural concerns, inconsistent characters, emotional-safety concerns, or important content lost when cropped.
