Audience: ages 3-6

Origin basis: Aesopic public-domain tradition

Story pages: 10

For adult family/cultural review

Read naturally with a child in one sitting. This reviews the story, not the child. Mark the page when wording changes aloud, attention drops, a transition feels rushed, or a moment creates confusion, fear, delight, prediction, or a request to continue.

Do not record a child's name, exact age, contact details, school, location, photo, audio, video, medical information, or other identifying details. Use the assigned anonymous session code and broad age band only.

This copy is not text locked. Illustration beats are planning notes, not final artwork.
